

MAY CHANGE NAME OF CITY'S BIG FAIR

Directors Expected to Pass on Many Important Problems at Meeting Today TO INCREASE PERSONNEL

The second of a series of meetings of directors of the Sesqui-Centennial Exposition will be held this afternoon at the Bellevue-Stratford, at which decisions will be made concerning the future of the fair. The name may be definitely changed to "The Liberty Fair for World Peace and Progress."

The principal business at yesterday's meeting, according to a statement given out after the meeting by Mr. Frederick Lewis, the president, was a report on the committee on organization, which was approved, and the adoption of amendments to the bylaws which would increase the number of vice-presidents and directors.

No provision for a director general is made in the report of the committee, which bears the caption, "The Liberty Fair for World Peace and Progress. Attempts to find out whether the directors decided not to have a director general and whether the name of the fair itself has been changed, were unsuccessful."

The committee's report makes provision for two honorary presidents, a president, a president of the Sesqui-Centennial Exhibition Board of Finance and a president of the Women's Board, making five presidents in all.

Concluding the committee proposes an Executive Committee of seventeen vice-presidents, "each of whom it is suggested be selected because of his special familiarity with certain departments of the work of the Exhibition Association, and whose advice and assistance will, therefore, prove particularly valuable."

Other officers would be a recording secretary, a corresponding secretary, a treasurer, a director of works, a director of publicity, and the women's board.

The amendments to the bylaws were two: first, in changing the number of vice-presidents from four to "such number of vice-presidents as the board shall from time to time determine," and, second, striking out the words "fifty members" and inserting in their place "the Board of Directors shall consist of such number as the board shall from time to time determine."

AN ATTRACTIVE JUNE BRIDE

MISS DOROTHY ELY, Daughter of Mr. and Mrs. William Newbold Ely, of Ardmore avenue, Chestnut Hill, who will be married to Mr. Herbert W. Warden, Jr., of Golf House road, Haverford, will take place at 4 o'clock this afternoon at St. Thomas' Episcopal Church, Whittemarsh.

ASK JURY MINUTES IN WARD MURDER

Court Issues Order to Show Cause Why Request Should Not Be Granted

PREJUDICE IS ALLEGED

By the Associated Press. White Plains, N. Y., June 21.—Supreme Court Justice Seeger today granted Walter S. Ward's application for an order requiring District Attorney Weeks to show cause tomorrow why Ward should not be permitted to inspect the minutes of the Grand Jury which indicted him for the first-degree murder of Clarence Peters.

Justice Seeger also directed Mr. Weeks to show cause why the June term of court should not be held over into July to try Ward. Unless it is held over or the indictment against him is dismissed, Ward will have to spend the summer in jail.

Judging from a statement made yesterday by Mr. Mills, Ward will go into the trial in the hope of winning out in the biggest game of chance in which he has ever sat.

His life will be at stake, but he will not show his hand unless the prosecution calls him. Then, and then only, according to Mr. Mills, will he reveal the closely guarded secret of the blackmail plot, which he said made him pay the extortionists \$20,000 before he shot Peters.

The telling of this story, Mr. Mills says, would assure Ward's acquittal, but it would also bring humiliation upon Ward's family.

Therefore, it will not be told unless the prosecution presents so strong a case that Ward appears to be actually in the shadow of the electric chair.

"Everything relating to the defense will be brought out at the trial," Mr. Mills said. "You can't blame him for not wishing to bring humiliation upon his family until it is absolutely necessary."

If the prosecution seems to make a case, it will, of course, not expect a statement as any one could ask.

"Until my investigations have been completed, I am not going to move the case for trial," said District Attorney Weeks last night. "Many a man has been forced to languish in jail all summer, and who have not even admitted that they killed a man—men who have declared they were innocent—have been held until the prosecution was ready with its case. Ward admits killing a man, but he has not told the full story, and neither is nor his lawyers. We await the prosecution one way or the other."

MRS. ELIZABETH K. YARROW LEAVES \$70,000 ESTATE

W. Yorke Stevenson Will Shows \$45,341 in Personal Property

The will of Mrs. Elizabeth K. Yarrow, 2022 Walnut street, probated today, shows an estate of \$70,000. Virtually all was bequeathed to her husband, George A. Yarrow.

Other heirs probated were: Mary A. Enaley, who died in the Episcopal Hospital, \$8000; Marie A. Kendall, died in the Mary J. Drexel Home, \$5000; three children of the late George A. Yarrow, who died in the Deacons' Fund for the Poor of the Olivet-Covenant Presbyterian Church; Eliza J. Kinless, 3119 Hansburg street, \$7500; George A. Newyer, 800 Tenny street, \$15,000.

The inventory of the personal estate of William Yorke Stevenson, filed today, showed a sum of \$45,341.11. Other inventories were the estates of Anna E. McGor, \$21,111.45; Eli P. Speakman, \$8705.70; Elizabeth A. Urian, \$9275.03; and William Morris, \$11,973.62.

A letter of administration was granted for the estate of Agostino Corletto, who died in the Philadelphia Hospital. The amount of the estate is \$11,500.

\$1,541,779 SPENT ON JEWISH CHARITY

Federation Makes Report on Receipts and Expenditures for Last Year

MUCH PROGRESS IS SHOWN

Fifty-three active Jewish charitable agencies spent a total of \$1,541,779.06 during the fiscal year of 1921, according to a report just issued by the Federation of Jewish Charities.

Of this sum, the Federation contributed nearly \$1,000,000. State appropriations, endowments and county and institutional receipts making up the balance.

The greatest achievement of the Federation during the year, the report asserts, was the raising of nearly \$800,000 for a Jewish communal center for the Young Men's and Young Women's Hebrew Associations. Raising this sum would have been impossible, according to Jacob Billikopf, executive director.

"Except for the rather liberal course in communal education due to previous campaigns to raise funds for the Federation," the report shows that the Federation, which was founded in 1901, had grown to meet enormously expanding needs. Up to 1918 fourteen institutions were supported in whole or in part by the Federation.

In January, 1919, a campaign was launched to effect a 100 per cent Federation, which would support or assist all worthy Jewish charities. The organization has been growing apace, until fifty-three institutions are now depending in whole or in part on the Federation.

One of the most important of the charities assisted by the Federation is the Mount Sinai Hospital. According to Jacob D. Lit, president of that institution, the hospital had improved at least 50 per cent in the last few years.

The United Hebrew Charities, otherwise known as the Jewish Welfare Society, has greatly improved in recent years also through affiliation with the Federation. Two years ago the society had an annual subsidy of \$45,000, whereas today it is spending \$175,000 a year.

This organization gives subsidies to the poor to enable them to resume their places as self-respecting and self-supporting members of the community.

The Eagleville Sanitarium, an tuberculosis, one of the most successful of Jewish charities, also has greatly enlarged the scope of its work, according to the report. Louis Gerstley, president of Eagleville, is one of the pioneers in tuberculosis work in Philadelphia and an organizer of the specialized tuberculosis work for the Jews. With the aid of the Federation, Mr. Gerstley has made ample provision for the treatment of advanced cases of tuberculosis at Eagleville, and has inaugurated a social service department which follows up discharged patients.

STORY OF LOVE BETRAYED WINS AID FOR GIRL THIEF

Admits Theft of Gems When Left Stranded by Married Man

New York, June 21.—Caught in the web she spun for herself by insisting on going to Gates avenue police station to report the theft of two diamond rings and lavalliere from her landlady, Germaine La Pointe, a pretty French beauty of twenty-four years, found herself under arrest yesterday, charged with the theft of the jewelry.

Her story of love betrayed told later before Magistrate Dale aroused the sympathy of the court. She was handed over to the care of the Sisters of the House of the Good Shepherd until tomorrow when she will have a hearing.

The complainant in the case is Mrs. Emma J. Brown, a widow.

Miss La Pointe told the court that she came to this country from France ten years ago and lived with her parents in Chicago until last February, when she came here with Harry W. Jarvis, commissary steward of the United States steamship Arctic.

When Jarvis, who is married, left with his ship last Thursday she was without a penny, she said.

On Friday she pawned a coat to have food. Later in the day, finding Mrs. Brown's pocketbook lying on a bedroom dresser, she succumbed to temptation, she said, and took from it two diamond rings valued at \$500 and a diamond lavalliere at \$100. She hoped this would take her to Norfolk, Va., after Jarvis.

Dr. A. F. Christian, of Boston, who has made extensive research into the possibilities of rejuvenation through the use of the thyroid gland, might feel the depression of age returning in six months. Because of the transplantation, he said, the acquired gland will soon lose its vitality.

Dr. Royal Copeland, Health Commissioner of New York, doubts if the operation would be successful except in the slightest degree and only for a brief time.

"There may be a brief period of stimulation," he said, "but very quickly the substance of the new gland will be exhausted and there will be no further effect."

Do it now! Better be beforehand in ordering those photo-engraving plates you'll need in the Fall. Give your printer time to do a "good job" and save delay in delivery of the finished work.

WILL OF AMOS F. ENO IS ADMITTED TO PROBATE

Pinchots Among Six Heirs Who Will Share \$4,600,000

New York, June 21.—The will of Amos F. Eno, whose estate of approximately \$13,000,000 has been in litigation for more than six years prior to its settlement out of court last month, has been admitted to probate in the Surrogate's Court.

Testamentary letters of administration were granted to Lucius H. Beers, of 25 Broadway, the only surviving executor of the estate.

Although the terms of settlement were not disclosed, it was learned on trustworthy authority last night that Columbia University will receive nearly \$8,000,000 as its share of the residuary estate. That was the principal request over which members of Mr. Eno's family and his descendants twice contested the will in the Surrogate's Court.

If the other bequests stand in approximately the same position they did under the will as executed by Mr. Eno, his relatives and descendants, including his brother, William F. Eno, and Clifford and Amos R. E. Pinchot, nephews; Mrs. Antoinette Wood, his sister, and his nieces, Florence C. Graves and Mary F. Eno, will receive about \$4,600,000. More than \$1,000,000, it is said, has been paid in fees.

MRS. OLESEN WINS SENATE NOMINATION IN MINNESOTA

Returns From Primary Give Her Big Lead Over Opponent

St. Paul, Minn., June 21.—(By A. P.)—Returns from Minnesota's State-wide primary Monday show Mrs. Anna Dickie Olesen far in the lead of Thomas Heighen, her nearest opponent for the Democratic nomination for United States Senator.

Sentiment on the question of sending a woman to the United States Senate will be an added feature to party issues in the general election in Minnesota next November.

Frank H. Kellogg, junior Senator from Minnesota, and one of President Harding's stalwarts in the Senate, who was renominated in the Republican primary, will face the political barrier of Mrs. Olesen next fall along with Henrik Shippsted, the Farmer-Labor nominee. Both Mrs. Olesen and Senator Kellogg were endorsed candidates.

Miss Grace Knicker, of Orono, Minn., has great odds against her in the Republican nomination for clerk of the Supreme Court. Governor J. A. O. Preus and other Republican State officers were renominated.

Rugs Gone From Back Yard

Mrs. Rose Michel, 3142 Clifford street, awoke and found several valuable rugs missing from her back yard this morning. The rugs were put out for an airing and were valued at \$405. Police are investigating.

Be your own ROOFER

With a Brush and Some "SHANOKOTE" Asbestos Cement

Any one can easily stop leaks in tin, slag and rubber roofs and make them good as new.

"SHANOKOTE" is the genuine "no-coal-tar" asbestos roof coating and fire proofing material. It is made of asbestos, lime and other cheap substitutes.

"SHANOKOTE" is dabbed on like a paint and it covers the nail-holes, laps and seams with a solid sheet of asbestos film, making the life of worn out roofs and making them leak-proof for 10 to 15 years.

It will cost about 75 square feet, \$1.25 in bulk; \$1.50 in 5-cm. cans; \$2.25 in 1-cm. cans. Complete sets for 100% para paints, shingles and rubber roofing.

H. C. S. DESIGNED BY HARRY C. STUTZ

CITY PLANS 3 NEW SWIMMING POOLS

Work Already Started at Second and Cumberland—Others to Be in Manayunk and Frankford

WILL COST ALMOST \$100,000

Work has been started on a new municipal swimming pool at Second and Cumberland streets, and a contract has been awarded by the city for the construction of another at Station and Cotton streets, Manayunk. Bids will be opened June 28 by Director Warburton for still another at Whitehall Commons, Frankford.

Plans for all three pools have been drawn under the supervision of City Architect Sinker. They embrace the most recent ideas in swimming pool construction, and call for an expenditure of almost \$100,000 when completed. The city will then have a chain of thirty-one swimming pools in different parts of the city.

The new pools will be shallow at one end for the youngsters, and gradually growing deeper at the other end. There will be an inlet and outlet for the purpose of assuring a constant supply of fresh water at all times. On either side there will be dressing booths, sufficient in number to accommodate 200 people at once.

Showers are also provided, and each person will be compelled to take a shower before going into the pool for a swim. In order to check up on the number using each pool from day to day a turnstile will be placed in each bathhouse.

An open shelter with benches will be placed in front of each pool, where persons may rest in the shade on hot days while waiting their turn to take a plunge.

Each bathhouse is to have an office for instructors and attendants. The offices and the high walls enclosing the pools will be built of brick and terra-cotta trimmings, while many of the gates will be of ornamental iron.

The pool at Second and Cumberland streets will replace an old one which had been in use for many years. It is to be built on the same site, at a cost of \$33,000, by the Mitchell-Houseworth Company, contractors. It will be thirty feet wide and ninety feet long.

At Station and Cotton streets the pool will be thirty-five feet wide and eighty feet in length. The Manayunk pool will cost \$29,500, and will be built by T. R. & J. H. Whelan. It is expected that the work will be finished by September.

FALL ON SHIP FATAL

East Norris Street Man, Dies From Broken Neck

Daniel Lyman, thirty-five, of 230 East Norris street, died at 4:45 o'clock this morning in St. Agnes' Hospital as the result of a fall through a hatch on the cruiser Astores yesterday afternoon. He received a broken neck in the fall.

Lyman was a civilian and was doing odd jobs about the vessel at the Navy Yard.

FIND BOY WANDERER

Morrisville, Pa. Youth Says He Was Left Here by Man

A boy who gave his name as Adam J. Kupiec, fourteen years old, of Chester Manor, Morrisville, Pa., is in the House of Detention here awaiting word from his parents.

Police of the Eleventh and Winter streets station picked the lad up on the street last night, in an exhausted condition. He told them that he had come to this city a few days ago with a man named Sweeney, who had disappeared after their arrival, leaving him to shift for himself.
